Our Team. Our international and multilingual team of over 25 professional consultants work for clients in all areas of competition policy enforcement and regulation.

## **Our Team - E.CA Economics**

This book provides an issue-driven introduction to industrial organization. Over the past twenty years, the study of industrial organization—the analysis of imperfectly competitive markets—has grown from a niche area of microeconomics to a key component of economics and of related disciplines such as finance, strategy, and marketing.
