UNICEF is committed to doing all it can to achieve the Sustainable Development Goals (SDGs), in partnership with governments, civil society, business, academia and the United Nations family – and especially children and young people.

Breastfeeding and complementary feeding | Nutrition | UNICEF

This is a list of nutrition guides. A nutrition guide is a reference that provides nutrition advice for general health, typically by dividing foods into food groups and recommending servings of each group. Nutrition guides can be presented in written or visual form, and are commonly published by government agencies, health associations and university health departments.

One thing is certain in the field of health: what is common wisdom today can easily become misapplied science tomorrow. What's "in" this year may be "out" next year. Often it's hard to arrive at the right answer. For example: Oily fish is good for you because the Omega-3's are so healthy, but oily fish is bad
