Prerequisites. The course material should be of interest to physicists, mathematicians, computer scientists, and engineers, so we hope to make the course accessible to people with a variety of backgrounds.

Physics 219 Course Information - Caltech Particle Theory

This book gives students an integrated and rigorous picture of applied computer science, as it comes to play in the construction of a simple yet powerful computer system. Designed to support one or two-semester courses, the book is based on an abstraction-implementation paradigm; each chapter presents a key hardware or software abstraction, a proposed implementation that makes it concrete ...

Good Practice Guide No 132 Beginner's Guide to Measurement

Building services engineering is a professional engineering discipline that strives to achieve a safe and comfortable indoor environment whilst minimizing the environmental impact of a building.. Alternative titles: The term Building services engineering is also commonly known as Architectural engineering, Technical building services, Building engineering, or Facilities and services planning ...

Building services engineering - Wikipedia

"Building a Second Brain was just the class I was looking for to help me take my work in education philanthropy to the next level. Not only did I learn how to build a system to organize my sources and notes, but I also learned a technique to process this information to keep it alive. Now I know how to add value by growing the resources I collect into actionable ideas to take back out into the ...

Building a Second Brain

A Collection of Free C++ Programming Books. Financial Numerical Recipes in C++: Applications in Finance. This book provides a good deal of useful examples and algorithms for people working within the field of finance, in C++.
