A learning management system (LMS) is a software application for the administration, documentation, tracking, reporting and delivery of educational courses or training programs. The learning management system concept emerged directly from e-Learning, even though there were other tools, IT or not which have encouraged distance education (Distance Education Learning Environments Survey).

I have a confession to make. Of all the Singer straight stitch sewing machines, this model is my favorite. It is a straight stitch only, slant shaft sewing machine, and it was the "lower end economy model"™ of the 400 series when the Singer 401 was the "top of the line"™, and the Singer 403 was the mid-range model. Each of these models have the same size, gear driven motors.
