Because many consider the information in medical records to be sensitive private information covered by expectations of privacy, many ethical and legal issues are implicated in their maintenance, such as third-party access and appropriate storage and disposal. Although the storage equipment for medical records generally is the property of the health care provider, the actual record is ...

Interviewed in part two was the Principle Advisor to the Health Ministry and Senior Intensive Care Specialist, David Galler, who denied that the intravenous Vitamin C was a contributing factor in the Allan Smith's recovery. He proclaimed that the recovery could have been just as likely from a "œbus driving by" as the high dose Vitamin C .
