Chess in its current form was developed in medieval to early modern Europe where in the 19th century modern tournament play began, and the first world chess championship was held. The most accepted view is that the direct ancestor of the game, shatranj, was transmitted by the Muslims via Persia from ancient India, where it was known as chaturanga. ...

Chess is a board game for two players. It is played in a square board, made of 64 smaller squares, with eight squares on each side. Each player starts with sixteen pieces: eight pawns, two knights, two bishops, two

rooks, one queen and one king. The goal of the game is for each player to try and checkmate the king of the opponent. Checkmate is a threat ('check') to the opposing king which no ...
