

development economics debraj ray pdf

4 Introduction they intertwine with and accompany the development process (or the lack of it), we cannot rely on these observations as explanations.

Notes for a Course in Development Economics

Debraj Ray is considered to be one of the world's foremost economic theorists and development economists. He was awarded an honorary doctorate by the University during its bicentennial year in 2011.

Leading economists promote guaranteed minimum income

This note will focus both on models of economic growth and their empirical applications, and try to shed light on the mechanics of economic growth, technological change and sources of income and growth differences across countries.

This is an incomplete alphabetical list by surname of notable economists, experts in the social science of economics, past and present. For a history of economics, see the article History of economic thought. Only economists with biographical articles in Wikipedia are listed here.

List of economists - Wikipedia

The poverty threshold, poverty limit or poverty line is the minimum level of income deemed adequate in a particular country. In practice, like the definition of poverty, the official or common understanding of the poverty line is significantly higher in developed countries than in developing countries. In 2008, the World Bank came out with a figure (revised largely due to inflation) of \$1.25 a ...

Poverty threshold - Wikipedia

Alan Gillie (1996): «The origin of the poverty line», en Economic History Review, 49, 726.; Tom Gentle: History of the U.S. poverty line, Oregon State University. United States Department of Health and Human Services Poverty Guidelines, Research, and Measurement (guías, investigación y medición de la pobreza del departamento de salud y servicios humanos de los Estados Unidos).

Línea de pobreza - Wikipedia, la enciclopedia libre

La línea de pobreza, límite de pobreza o línea de pobreza es el nivel mínimo de ingresos considerado adecuado en un país particular. En la práctica, como la definición de pobreza, el entendimiento oficial o común de la línea de pobreza es significativamente más alto en países desarrollados que en países en desarrollo. En 2008, el Banco Mundial publicó una cifra (revisada en gran medida debido a la inflación) de 1,25 dólares al día ...
