A survey of more than 30 elementary teachers indicated that the comic strip character Garfield was more apt to be recognized by children in Grades 1 through 6 than any other. Jim Davis, who is the creator of Garfield, and United Features, his publisher, agreed to supply four black-line, camera-ready poses of Garfield, ranging from very happy to very upset, and to permit the resulting ...

**Multiple Intelligences Survey**

This is a very accessible and readable intro to survey sampling. However, they seem to expect the reader to use the accompanying excel sheets to do most calculations. That is the only explanation for the many, many typos / errors. (I tried to keep track intially, but since they don't seem to even have an errata for the book, it seemed pointless.)
