The free pdf unlock tool tries to crack the password of your file for two minutes. This restriction is set in place to allow other users to share our server resources for the free version. The password of the PDF file is too long for the free version. You can still crack it by purchasing a dedicated server time.

HTML (the code behind Web pages) cannot maintain all the original formatting and presentation of many documents. In such cases, we use a different format: Portable Document Format (PDF). PDF documents maintain the look of the original document, and they can be viewed on any Macintosh, PC, or Unix computer.
