Fashion is a popular style, especially in clothing, footwear, lifestyle, accessories, makeup, hairstyle and body. [citation needed] Fashion is a distinctive and often constant trend in the style in which people present themselves. A fashion can become the prevailing style in behaviour or manifest the newest creations of designers, technologists, engineers, and design managers.

Mod is a subculture that began in London in 1958 and spread throughout Great Britain and elsewhere,

eventually influencing fashions and trends in other countries, and continues today on a smaller scale. Focused on music and fashion, the subculture has its roots in a small group of stylish London-based young men in the late 1950s who were termed modernists because they listened to modern jazz.
