The General Theory of Law & Marxism Evgeny Bronislavovich Pashukanis With a new introduction by Dragan Milovanovic € Transaction Publishers

With a new introduction by Dragan Milovanovic

The General Theory of Employment, Interest and Money of 1936 is the last and most important book by the English economist John Maynard Keynes. It created a profound shift in economic thought, giving macroeconomics a central place in economic theory and contributing much of its terminology " the Keynesian Revolution". It had equally powerful consequences in economic policy, being ...
