The 21st Century Communications and Video Accessibility Act was passed by Congress to update our nation's telecommunications protections for people with disabilities. The CVAA follows a string of laws, passed in the 1980s and 1990s that were designed to ensure that telephone and television services would be accessible to all Americans with disabilities.

Saying that it has always been this way, doesn't count as a legitimate justification to why it should stay that way. Teacher and administrators all over the world are doing amazing things, but some of the things we are still doing, despite all the new solutions, research and ideas out there is, to put it mildly, incredible.

The earliest forms of written communication originated in Sumer, located in southern Mesopotamia about 3500-3000 BCE. During this era, literacy was "a largely functional matter, propelled by the need to manage the new quantities of information and the new type of governance created by trade and large scale production". Writing systems in Mesopotamia first emerged from a recording system in ...
