### **Integrated Financial Management Information Systems (IFMIS)**

Consolidated financial statements are defined as "Financial statements of a group in which the assets, liabilities, equity, income, expenses and cash flows of the parent (company) and its subsidiaries are presented as those of a single economic entity", according to International Accounting Standard 27 "Consolidated and separate financial statements", and International Financial Reporting ...

### **Financial statement - Wikipedia**

Accounting or accountancy is the measurement, processing, and communication of financial information about economic entities such as businesses and corporations. The modern field was established by the Italian mathematician Luca Pacioli in 1494. Accounting, which has been called the "language of business", measures the results of an organization's economic activities and conveys this ...
