Artificial intelligence (AI), sometimes called machine intelligence, is intelligence demonstrated by machines, in contrast to the natural intelligence displayed by humans and other animals. In computer science AI research is defined as the study of "intelligent agents": any device that perceives its environment and takes actions that maximize its chance of successfully achieving its goals.

Arcee is the name of several fictional characters in the Transformers franchise. They are female Autobots, usually pink or blue in color. Being the most famous of the Female Autobots, she has made more appearances and has had several more incarnations than any other female Transformer. Originally she turned into a car, however, later incarnations have turned into motorcycles.
