

handbook of entrepreneurship development pdf

Entrepreneurship is the process of designing, launching and running a new business, which is often initially a small business. The people who create these businesses are called entrepreneurs. [need quotation to verify] Entrepreneurship has been described as the "capacity and willingness to develop, organize and manage a business venture along with any of its risks in order to make a profit".

Gender empowerment conventionally refers to the empowerment of women, which is a significant topic of discussion in regards to development and economics nowadays. It also points to approaches regarding other marginalized genders in a particular political or social context. This approach to empowerment is partly informed by feminism and employed legal empowerment by building on international ...
