

incomplete acquisition in bilingualism pdf

Sequential bilingualism occurs when a person becomes bilingual by first learning one language and then another. The process is contrasted with simultaneous bilingualism, in which both languages are learned at the same time.

Sequential bilingualism - Wikipedia

Language attrition is the process of losing a native, or first, language. This process is generally caused by both isolation from speakers of the first language and the acquisition and use of a second language, which interferes with the correct production and comprehension of the first.

Language attrition - Wikipedia

Sources of support for teachers and parents of children whose first language is not English and on Community Languages within a UK context. Some of the resources and links may also be of interest to teachers of English as a second or foreign language in UK and abroad.

EAL - LANGUAGES WITHOUT LIMITS

Home page of Emmanuel Dupoux. In my research, I have been focusing on the early acquisition of linguistic and social skills in infants and their more or less reversible consequences in adults, in terms of a cognitive specialization for a particular language or culture.
