British Standards (BS) are the standards produced by the BSI Group which is incorporated under a Royal Charter (and which is formally designated as the National Standards Body (NSB) for the UK). The BSI Group produces British Standards under the authority of the Charter, which lays down as one of the BSI's objectives to: (2) Set up standards of quality for goods and services, and prepare and ...

This page contains the current lists of. Internet Standards. Draft Standards [Note: This maturity level was retired by RFC 6410: "Any protocol or service that is currently at the abandoned Draft Standard maturity level will retain that classification, absent explicit actions."]

**Official Internet Protocol Standards Â» RFC Editor**

Companies in the United States employ many processes in running their businesses. Laws from various sources affect these processes, so that the processes and administration of them are specialized. When company management does not acknowledge the need for common understanding and for specialization, the results are confusion, subsequent errors, and increased costs.

**Understanding vertical and horizontal compliance processes**

There are several international standards related to CBM approach. Table 1 shows the international standards. Some are the condition monitoring and diagnostics standards for machinery industry, e.g. ISO 13372, ISO 13373, ISO 13380, and ISO 13381.
