Adrienne Stoltz and Ron Bass are debut authors, but they are neither new to writing nor collaborating. They've been writing screenplays together for years. Their time in the business definitely adds authenticity to Maggie's experiences as a young, talented actress trying to get a breakout part.

LUCID requires a lot of deep thinking and musing, but even with all of that, there is absolutely no way to find the truth. The ending is one of the most curious parts of the book. It provides clean answers but also a long of

room for unreliableness.

Overall, Lucid is a definitely a psychic thriller, I thought that it was creative and different and it was one of those books that at the end I just had to sit there and think about the ride that I had just been on and the ending threw me for a loop and had me analyzing anything.
