Rhodia was a group specialized in fine chemistry, synthetic fibers and polymers which was acquired by the belgian Solvay group after a successful tender offer completed in September 2011. The company served the consumer goods, automotive, energy, manufacturing and processes and electronics markets, and had 65 production sites worldwide, four research centers and four joint laboratories.

## **Rhodia (company) - Wikipedia**

Techniques. Laboratory techniques are the set of procedures used on natural sciences such as chemistry, biology, physics in order to conduct an experiment, all of them follow the scientific method; while some of them involve the use of complex laboratory equipment from laboratory glassware to electrical devices, and others require more specific or expensive supplies.
