El símbolo de la luz de O/D OFF indica que la transmisión automática está en modo manual. Si se enciende, significa que el conductor ha pisado el pedal de freno o ha cambiado de marcha. Si se enciende de forma permanente, puede haber un problema con el sensor de posición del eje de transmisión o con el módulo de control de la transmisión. Se recomienda revisar el nivel de aceite de la transmisión y el estado del sensor de posición del eje de transmisión. Si el problema persiste, es necesario acudir a un taller especializado.
