7 World Trade Center (7 WTC) refers to two buildings that have existed at the same location within the World Trade Center site in Lower Manhattan, New York City. The current structure is the second building to bear that name and address in the World Trade Center complex. The original structure, part of the original World Trade Center, was completed in 1987 and was destroyed in the September 11 ...

The Mary Rose was substantially rebuilt in 1536. The 1536 rebuilding turned a ship of 500 tons into one of 700 tons, and added an entire extra tier of broadside guns to the old carrack-style structure. By consequence, modern research is based mostly on interpretations of the concrete physical evidence of this version of the Mary Rose. The construction of the original design from 1509 is less known.
