Mid West And Its Children : G. Barker : Free Download

Karl Weick cites this work as one source of his "double interact" concept. This study of children at play in a midwest town (actually, Oskaloosa, Kansas - the name "Midwest" belongs to a social science research center that generated the data) is useful because the activity of children provides an effective insight into the concept of power ...

Midwest and Its Children (Barker, Wright, 1955)
