Performance Measurement - CIMA

In education. Performance measurement has been defined by Neely as "the process of quantifying the efficiency and effectiveness of past actions", while Moullin defines it as "the process of evaluating how well organisations are managed and the value they deliver for customers and other stakeholders". Discussion on the relative merits of these definitions appeared in several articles in the ...

Performance measures give us a way to assess healthcare against recognized standards. While measures come from many sources, those endorsed by the National Quality Forum have become a common point of reference. An NQF endorsement reflects rigorous scientific and evidence-based review, input from patients and their families, and the perspectives of people throughout the healthcare industry.
