Farallon Islands Encounter. In late October of 2002, Eco-Photo Explorers completed a spectacular adventure with Great White Adventures to photograph Great White sharks (*Carcharodon carcharias*). Our expedition vessel at the time was the M/V Patriot which transported us to one of the most secluded locations on the California coast. Great White Adventures is now using another expedition vessel ...

Compositing is the combining of visual elements from separate sources into single images, often to create the illusion that all those elements are parts of the same scene. Live-action shooting for compositing is variously called "chroma key", "blue screen", "green screen" and other names. Today, most, though not all, compositing is achieved through digital image manipulation.
