Sheet pile wall design with DeepEX - Deep Excavation software! DeepEX our leading software program for deep excavations is ideal for designing sheet pile walls.

Sheet pile walls - deep excavations - sheet pile design

Although pile caps are an important structural element, they are generally neglected in textbooks on structural design. This article is intended to offer a brief introduction to the new CRSI/DFI (Concrete Reinforcing Steel Institute/Deep Foundations Institute) Pile Cap Design Guide referred to ...

STRUCTURE magazine | New Design Guide for Pile Caps

A pile cap is a thick concrete mat that rests on concrete or timber piles that have been driven into soft or unstable ground to provide a suitable stable foundation. It usually forms part of the foundation of a building, typically a multi-story building, structure or support base for heavy equipment. The cast concrete pile cap distributes the load of the building into the piles.

Pile cap - Wikipedia

SECANT PILE WALL DESIGN - SECANT PILES FOR DEEP EXCAVATIONS. Secant pile walls are formed by constructing intersecting reinforced concrete piles.

Engineering and Construction Bulletins (ECB) - WBDG

A pile driver is a device used to drive piles (poles) into soil to provide foundation support for buildings or other structures. The term is also used in reference to members of the construction crew that work with pile-driving rigs. One type of pile driver uses a weight placed between guides so that it can slide vertically.

Pile driver - Wikipedia

The Bureau of Design and Environment (BDE) shall publish and maintain a manual that establishes uniform policies and procedures for the location, design, and environmental evaluation of highway construction projects on the state highway system.

Dozens of free design guides and plans for dozens of sunspaces and greenhouses you can build. Attached sunspaces can be a good way to solar heat your house, provide some additional living space, plant growing space, a place to read the newspaper and look at the views, and a place to hang the laundry for solar drying.
