

power and interdependence pdf

Complex interdependence in international relations is the idea put forth by Robert Keohane and Joseph Nye (1977) that states and their fortunes are inextricably tied together. The concept of economic interdependence was popularized through the work of Richard N. Cooper (1968). With the analytical construct of complex interdependence in their critique of political realism, "Robert Keohane and ...

The Influence of Power and Politics in Organizations (Part 1)

International relations theory is the study of international relations (IR) from a theoretical perspective. It attempts to provide a conceptual framework upon which international relations can be analyzed. Ole Holsti describes international relations theories as acting like pairs of coloured sunglasses that allow the wearer to see only salient events relevant to the theory; e.g., an adherent ...
