Water Topics | Environmental Topics | US EPA

What's A Reef Ball? Reef Balls are the world's leading designed artificial reef modules. They are simply the safest and most effective way to create sustainable marine reef habitat.

Reef Ball Foundation Designed Artificial Reefs

Healthy marine species like whales, sea turtles, coral, and salmon are important for maintaining balanced and thriving ocean ecosystems. We work to prevent marine species populations from decline and extinction, protect them from human activities, and monitor activities that might impact them so they are around for future generations.

Easily navigate and read Bungie's Destiny Grimoire cards. Grimoire cards offer more in-depth lore and commentary into the Destiny universe. Unfortunately, Bungie's own Grimoire viewer can be bulky and hard to navigate, this site aims to alleviate those issues and allow readers to jump straight into the content.

Destiny Grimoire

The biOrb was born out of frustration. As fish keeping enthusiasts we were disappointed with the products that were available to us. What we really wanted an aquarium developed by design, engineering and testing.
