Complete Nutrition: Low-carb diet, high-protein foods

A food desert is an area, especially one with low-income residents, that has limited access to affordable and nutritious food. In contrast, an area with supermarkets or vegetable shops is termed a food oasis. The term food desert considers the type and quality of food available to the population, in addition to the number, nature, and size of food stores that are accessible.

By 1959, Publix was the dominant supermarket chain in Central Florida, and began expansion to South Florida. In 1963, the company built a distribution center in Miami, and began providing deli services. In 1970, sales surpassed \$500 million; they reached \$1 billion in 1974, when the chain expanded to include Jacksonville, Florida. [citation needed] In 1982, the company launched the Presto!

Diet is the brick and mortar of health. This web page lays out some often-ignored principles of feline nutrition and explains why cats have a better chance at optimal health if they are fed canned food (or a balanced homemade diet) instead of dry kibble.. Putting a little thought into what you feed your cat(s) can pay big dividends over their lifetime and very possibly help them avoid serious ...
