06. Advancing Women in Science and Engineering: Advice to the Top. Description: Using short summaries of existing research illustrating common situations women face in male-dominated environments (e.g., being a "token", isolation, stereotype threat), this brochure suggests ten concrete steps administrators can take to alleviate these problems. Intended Audience: Upper-level administrators such ...

Discourse analysis offers a powerful toolbox for analysing political communication, but it also has its pitfalls. Aside from being very work-intensive, the idea that you only need to follow a certain number of steps to get your results can be misleading. A methodology is always only as good as your question. If your question does not lend itself to this sort of analysis, or if many of the steps I ...
