

the colonizer and colonized pdf

Colonialism is the policy of a polity seeking to extend or retain its authority over other people or territories, generally with the aim of developing or exploiting them to the benefit of the colonizing country and of helping the colonies modernize in terms defined by the colonizers, especially in economics, religion, and health.. The European colonial period was the era from the 15th century ...

Colonialism - Wikipedia

In history, a colony is a territory under the immediate complete political control of a state, distinct from the home territory of the sovereign. For colonies in antiquity, city-states would often found their own colonies. Some colonies were historically countries, while others were territories without definite statehood from their inception. The metropolitan state is the state that rules the ...
