An ecovillage is a traditional or intentional community with the goal of becoming more socially, culturally, economically, and ecologically sustainable. It is consciously designed through locally owned, participatory processes to regenerate and restore its social and natural environments. Most range from a population of 50 to 150 individuals, although some are smaller, and traditional ...

The geography of Scotland is varied, from rural lowlands to unspoilt uplands, and from large cities to sparsely inhabited islands. Located in Northern Europe, Scotland comprises the northern one third of the island of Great Britain as well as 790 surrounding islands encompassing the major archipelagoes of the Shetland Islands, Orkney Islands and the Inner and Outer Hebrides.
