

the psychology of interpersonal pdf

IPT helps clients to pay close attention to their (current) social interactions and explore interpersonal tensions and conflicts.

What is Interpersonal Psychotherapy (IPT): A Case History

As a field of study. The study of interpersonal relationships involves several branches of the social sciences, including such disciplines as sociology, communication studies, psychology, anthropology, and social work.

Interpersonal relationship - Wikipedia

Psychology is the science of behavior and mind, including conscious and unconscious phenomena, as well as feeling and thought. It is an academic discipline of immense scope and diverse interests that, when taken together, seek an understanding of the emergent properties of brains, and all the variety of epiphenomena they manifest.
