The physical world as a virtual reality, Brian Whitworth 4 Similar statements could be made of relativity theory's claims that time and space are malleable.

The physical world as a virtual reality, Brian Whitworth

Reality is all of physical existence, as opposed to that which is merely imaginary. It is the name for all of physical existence, but the word is also used in a declension to speak of parts of reality that include the cognitive idea of an individual "reality" (i.e. psychology), to a "situational reality," or a "fictional reality."
