Accounting Principles: A Business Perspective, Financial

Accounting or accountancy is the measurement, processing, and communication of financial information about economic entities such as businesses and corporations. The modern field was established by the Italian mathematician Luca Pacioli in 1494. Accounting, which has been called the "language of business", measures the results of an organization's economic activities and conveys this ...

Program Memoranda (PM) are issued by the California Department of Aging (CDA) in hardcopy and mailed to Area Agencies on Aging (AAA). The availability of electronic (read-only) PMs on the web is offered as a convenience. If there is a discrepancy between the electronic version and the paper version, the mailed paper version of the PM is the controlling document.
