Developmental disability is a diverse group of chronic conditions that are due to mental or physical impairments that arise before adulthood. Developmental disabilities cause individuals living with them many difficulties in certain areas of life, especially in "language, mobility, learning, self-help, and independent living". Developmental disabilities can be detected early on and persist ...

Developmental disability - Wikipedia

Children must master the language of things before they master the language of words." "Friedrich Froebel, Pedagogics of the Kindergarten, 1895 In one sentence, Froebel, father of the kindergarten, expressed the essence of early-childhood education.
