New York City Photographer - Ken Jones | NYC Fashion

Photography is the art, application and practice of creating durable images by recording light or other electromagnetic radiation, either electronically by means of an image sensor, or chemically by means of a light-sensitive material such as photographic film. Photography is employed in many fields of science, manufacturing (e.g., photolithography), and business, as well as its more direct ...

Photography - Wikipedia

Wedding photography is the photography of activities relating to weddings. It encompasses photographs of the couple before marriage (for announcements, portrait displays, or thank you cards) as well as coverage of the wedding and reception (sometimes referred to as the wedding breakfast in non-US countries). It is a

major branch of commercial photography, supporting many specialists.
