Women from the Renaissance to the Enlightenment

The history of feminism is the chronological narrative of the movements and ideologies aimed at equal rights for women. While feminists around the world have differed in cause, goals, and intentions depending on time, culture, and country, most Western feminist historians assert that all movements that work to obtain women's rights should be considered feminist movements, even when they did not ...

Third gender or third sex is a concept in which individuals are categorized, either by themselves or by society, as neither man nor woman. It is also a social category present in societies that recognize three or more genders. The term third is usually understood to mean "other"; some anthropologists and sociologists have described fourth, fifth, and "some" genders.
